

AUTO CHARGE[®] 11 PIM

DUAL SYSTEM BATTERY CHARGER WITH GFI

MODEL # 091-11PIM

The Auto Charge 11 PIM is a fully automatic battery charger with a separate Ground Fault Interrupter and 15 amp circuit breaker for vehicles with a dual battery system. A dual charge divider permits charging both batteries while maintaining electrical isolation. Remote voltage sensing is provided to compensate the charger output for the voltage drop in the charging wires. It is ruggedly constructed for mounting on the vehicle. This charger is ideal for vehicles with similar sized batteries and equal or no parasitic loads.
